

A Tale of Scale: TKIs in CRC— Updates from Real-World Evidence

22 Nov. 2024 Friday , 19:00–20:30 (GMT+8)

Join us for an **expert exchange** on CRC (Colorectal Cancer). This online event is specially designed for CRC treatment experts to discuss and share valuable insights, with real-world evidence, in collaboration with international specialists.

What to expect

- In-depth discussions on mCRC sequential treatment.
- Sharing real-world evidence from the STAR-T study and the Chang Gung Network database from Taiwan.
- Exploration of key data on precision NTRK fusion treatment in advanced CRC.
- Case-sharing of CRC NTRK fusion treatment in clinical practice.

Agenda

19:00 -19:05

Welcome and Introduction

19:05 -19:25

Optimizing Treatment Sequencing in Advanced mCRC: Insights from the STAR-T Study and US Real-World Evidence

19:25 -19:45

Unveiling Treatment Patterns and Outcomes in Advanced mCRC: Insights from the Taiwan

19:45 - 20:05

Delivering on the Promise of Precision Oncology: NTRK Fusion-Targeted Therapy in advanced CRC

20:05 - 20:25

Panel Discussion & QA Time

20:25 - 20:30

Summary and Closing

Faculty

Moderator

Kun-Huei Yeh, MD, PhD
| National Taiwan University Hospital,
Taipei, Taiwan

Speaker

Tanios Bekaii-Saab, MD
| Mayo Clinic,
Phoenix, Arizona, USA

Speaker
